

To Our Parents & Guardians,

Notre Dame-Bishop Gibbons will be using the Remind App in order to communicate with students, their families and to assign work due to any interruptions to the school day.

Here's how you can sign up for information from each of your child's classes using the Remind app.

- If you have a smartphone, get push notifications.

On your iPhone or Android phone, open your web browser and go to the following link [rmd.at/@\(course code would be entered here\)](https://rmd.at/@(course code would be entered here))

Insert each of your child's course codes in place of the letter X! Please see the attached list of Remind Course Codes. Contact our Director of Technology, Ritch Harrigan at harriganr@nd-bg.org if you have any questions.

- This process can also be completed using a desktop or laptop computer.
- Remind will allow you and your child to directly communicate to your child's teacher and ask questions.
- Work, including worksheets, readings, textbook pages, videos, and more can be sent home and viewed on your phone or computer.
- All work should be e-mailed to your child's teacher or can also be submitted using Remind!

We ask that all parents & guardians ensure that their children are set up on Remind so that we may avoid further disruptions to your child's education.

Thank you,
